Danilo Mayorga, Jr.
Andes Construction, Inc:

"Just wanted to send you guys a quick note to let you know how much I appreciate all your help in setting up our QuickBooks software to integrate seamlessly with your online upload. At first I was hesitant in using it, and now I wonder what I ever did without it. The integration with my Sunburst Software Solutions CPS and your LCP system is seamless and the time it takes to upload and certify my reports is less that it normally takes to print, sign and mail. Thanks again and keep up the good work."
